WILLIE'S APPEAL ARGUED.

ALBANY, N. Y., Oct. 15.—The appeal of William R. Hearst in his action of two years' continuance to displace Geo. B. McClellan as Mayor of New York was argued before the Court of Appeals yesterday by Clarence J. Shearn. Francis K. Pendleton and Eugene Lamb Richards were counsel for Controller Metz, Mayor McClellan and others.

The appeal involves the constitutionality of the law passed at the last session of the Legislature to permit a recount of the votes cast in the Mayorality contest of 1905. Herman A. Metz, as controller and individually, and others applied for a writ of prohibition to restrain the Supreme Court and Hearst from taking any further proceedings under the Recount Act.

The law is held to be a violation of section 6 of Article I of the Constitution. The Appellate Division denied the writ, hence the appeal.

INSANE BOY SHOTS NEGRO.

NORTHPORT, Oct. 15.—While in the custody of a deputy sheriff today Joseph Franklin, a negro, was shot by Stephen White, a youth. Franklin was arrested for burning the barns on the Edward L. White estate and had been turned over to Deputy Sheriff Hanger to be taken to the Riverhead jail. Handcuffed to the deputy, Franklin was walking along the street when young White stepped up in front of him and fired a load of birdshot into his abdomen. White was arrested. He is declared to be insane.

BREWERY LEASES HOTEL.

PORTLAND, Oct. 15.—The Hotel Perkins will pass under the control and management of the Star Brewery of Vancouver, Washington, about November 1. A contract for the delivery of the lease has been signed by the representatives of the brewery and Z. S. Spalding, the owner of the hotel property and present manager of the hotel, and as soon as the lease can be drawn, the terms of which have been agreed upon, Mr. Spalding will relinquish possession to the representatives.

The term of the lease is to be 15 years, and while the exact rental has not been announced, it is known to be about \$20,000 a year. The lease also calls for the expenditure of about \$100,000 in remodeling and modernizing the building.

Under the new management the entire interior of the hotel is to be reconstructed. A first-class, up-to-date grill is to be installed in the basement. The office and lobby is to be enlarged by throwing the room now used for a dining room into the office, thereby giving the hotel a commodious and handsome lobby.

SHOWS NO IMPROVEMENT.

VIENNA, Oct. 15.—According to trustworthy information the condition of Emperor Josef shows no improvement. Fever has returned to a moderate extent, but in spite of this his majesty remains in good spirits.

Hawser Picks up Anchor on the Bar Causing Trouble—Immigration Inspector Adopts New Plan in Keeping Track of Orientals—Other Brief Notes.

In his work of enforcing the Chinese exclusion law, Immigration Inspector J. H. Barbour has adopted a new system by which he expects to save the government several thousands of dollars annually. Instead of employing men at the expense of the department to watch the ships carrying Oriental crews, he requires the shipowners to hire the watchmen. Though the new method was recently put into effect, it is proving satisfactory both to the government and the shipping interests. Under the old plan, Mr. Barbour had from 18 to 20 watchmen on the ships almost constantly. Now he has but five such employees, and at no period during the season does he think it will be necessary to increase the force. The members of this small contingent will be kept busy boarding the craft having Chinese sailors, and checking them up each day, to see that none is missing. Should any of the Celestial tars effect their escape the immigration department will make no particular effort to apprehend them. The captain of the vessel will be held responsible for their escape, and if he fails to capture them, he will be subject to a heavy fine.

The Standard Oil tank steamer Atlas had a peculiar accident happen to her yesterday morning while crossing in. She had oil barge No. 91 in tow and when over the crest of the bar she showed down which caused her steel hawser to sag in the water to the bottom and caught on an old anchor, which had evidently been lying there for years, and when she started up the strain wrecked the steam winch and steering gear. In order to free the hawser she had to pick up the anchor which was found to be heavily coated with barnacles. The damage to the Atlas will amount to about \$3000.

The steamship Costa Rica arrived down from Portland last evening and after taking on considerable freight at the O. R. & N. dock left for San Francisco. A large amount of freight which should have went out on her was left at the dock as she was loaded to her full capacity.

Wilson Bros., the boat builders, of Uniontown, will begin in a few days to replank the customs boat Patrol contract for which has been awarded them.

The schooner Della has finished taking on her cargo of merchandise and building material and will leave out today noon for Nestucca.

The tug Samson, of Portland, came in last night at 9 o'clock. She leaves for Gray's Harbor, this morning, to bring in a barge.

The flagship Armeria of the lighthouse fleet left out for the Sound yesterday where she will take on a cargo of coal for the uses of the department at this port.

Trust Company Representatives in Astoria.

The enormous profits that accrue from life insurance have been the subject of much newspaper comment in the past two years, and it has been pretty conclusively shown that a few capitalists have reaped large profits from the use of the peoples' money in investments. An opportunity is now offered local people to participate in the profits of an old line insurance company by purchasing some stock in the Conservative Securities & Trust Company, of Portland. Only a limited amount of this stock is for sale, at a par value of \$1.00 a share, carrying an assured dividend of 10 per cent a year. This is particularly worth the consideration of people who wish to get a better return on their money than the savings banks pay, with an equal degree of safety. Messrs. E. F. Wheaton and F. R. T. Schikora, the Company's representatives, are in Astoria for a few days only, and will call on any interested parties who will drop them a postal card or leave word at the Astorian office.

The Place To Dine.

Where shall we dine? There should be no question about that. If you have no appetite, but feel that you should dine, drop into the Palace and, if you meet Arthur Smith, ask him to prescribe for you. He'll do it, by laying something tempting before you, and while he does not wish to interfere with physicians, prescribing for dyspepsia, he is in the business to cater to men's stomachs. Try him once and then you will always dine at the Palace.
